

Date	Time	Track	Presentation Title	Speaker
10-Jun	08:00 - 09:00 AM		Lupus Anticoagulant (LA): Choosing the Right Testing Strategy for Your Laboratory	Oksana Volod, MD Associate Professor of Pathology at the Cedars Sinai Medical Center (CSMC) and University of California Los Angeles Hospital
7-Feb	06:00 - 07:00 AM		Heparin Monitoring: aPTT versus Anti-Xa assay	Donna D. Castellone, MS, MASCP, MT(ASCP) SH QA Manager for Specialty Testing Supervisor, Special Coagulation and Hematology, New York Presbyterian Hospital
26-Apr	06:00 - 07:00 AM		Direct Oral Anticoagulant Screening and Measurement for Challenging Patient Cases	Michael P Gulseth, PharmD, BCPS, FMSHP, FASHP Program Director for Anticoagulation Services, Sanford USD Medical Center & Clinical, Associate Professor, Dept of Internal Medicine, University of South Dakota Sanford School of Medicine
25-Apr	08:00 - 09:00 AM		Quality in the Coagulation Laboratory	Donna D. Castellone, MS, MASCP, MT(ASCP) SH QA Manager for Specialty Testing Supervisor, Special Coagulation and Hematology, New York Presbyterian Hospital
27-Apr	08:00 - 09:00 AM		Testing for Coagulation Factor Deficiencies and Inhibitors	Catherine Hayward, MD PhD FRCPC Professor and Physician Scientist, McMaster University and Head of Coagulation for the Hamilton Regional Laboratory Medicine Program
15-Jan	08:00 - 09:00 AM		Hemostasis lab quality best practices; focus on validation of assays and instrumentation in a multisite hospital system	Jana Gausman, MT (ASCP) Supervisory Medical Technologist, Associate Professor in the College of Clinical Laboratory Science at Oklahoma Christian University
26-Apr	12:00 - 11:59 PM		VTE Diagnosis: Case-Based Update on D-dimer and ASH 2018 Clinical Practice Guidelines	Suman M Wasan MD, MS Professor Department of Medicine, Adjunct Professor Department of Radiological Sciences, College of Medicine University of Oklahoma Health Sciences Center

9-Sep	08:00 - 09:00 AM		Challenges in hemostasis test standardization	Russell Aaron Higgins, MD Medical Director, UHS Pathology Services, University Health System; Professor, Clinical Pathology and Laboratory Medicine, University of Texas Health Science Center at San Antonio
5-Feb	08:00 - 09:00 AM		Emerging Issues in the Coagulation Laboratory	Donna D. Castellone, MS, MASCP, MT(ASCP) SH QA Manager for Specialty Testing Supervisor, Special Coagulation and Hematology, New York Presbyterian Hospital
20-Apr	08:00 - 09:00 AM		Emergency patient management using coagulation assays	Wayne L. Chandler, MD Division Chief for Laboratory Medicine, Department of Laboratories, Seattle Children's Hospital; Clinical Professor of Laboratory Medicine, University of Washington
22-Apr	08:00 - 09:00 AM		The NEW Coag Value Playbook...Embrace the Power of Local Testing	Eleanor J Herriman, MD, MBA Laboratory New Venture Developer and Value Specialist Oksana Volod, MD Associate Professor of Pathology at the Cedars Sinai Medical Center (CSMC) and University of California Los Angeles Hospital
24-Apr	08:00 - 09:00 AM		The International Council for Standardisation in Hematology (ICSH) recommendations for Hemostasis Critical Values, Tests, and Reporting - a stepwise description for the committee's decisions	Bob Gosselin Clinical Laboratory Scientist
30-Jun	08:00 - 09:00 AM		Thromboembolism in COVID-19 Laboratory Considerations	Michael P Gulseth, PharmD, BCPS, FMSHP, FASHP Program Director for Anticoagulation Services, Sanford USD Medical Center & Clinical, Associate Professor, Dept of Internal Medicine, University of South Dakota Sanford School of Medicine
13-Oct	08:00 - 09:00 AM		WORLD THROMBOSIS DAY SPECIAL EVENT: The Use of D-dimer as a Novel Biomarker in Venous Thromboembolic Disease for Hospitalized Medically Ill Patients	Alex Spyropoulos, MD, FACP, FCCP, FRCPC System Director - Anticoagulation and Clinical Thrombosis Services
19-Apr	11:15 - 12:15 PM		ASH Anticoagulation Guidelines in Patients with COVID-19: A moving target	Jerrold H. Levy, MD, FAHA, FCCM Professor of Anesthesiology and Critical Care & Professor of Surgery (Cardiothoracic) - Duke University School of Medicine
23-Apr	02:00 - 03:00 PM		Practically speaking about lupus anticoagulants and women's health: Part 1 of a series to learn about a paradoxical problem	Daniel A. Kaczor Dir. Scientific Affairs Market Access Group Katy Whelchel, MT (ASCP) SH Technical Support Specialist - Diagnostica Stago Inc.

15-Jul	02:00 - 03:00 PM		Lupus anticoagulants and antiphospholipid syndrome: Resolving confusion, providing new guideline updates	Thomas Lee Ortel, MD, PhD Chief, Division of Hematology in the Department of Medicine - Duke University School of Medicine
13-Oct	02:00 - 03:00 PM		The Patient with Venous Thrombosis - Practical Points for the Laboratorian and the Clinician	Stephan Moll, MD Department of Medicine and the Division of Hematology-Oncology - University of North Carolina
25-Feb	02:00 - 03:00 PM		Clinical and Institutional Practice Update: Optimization of Anti-Xa Lab Test Utilization Across Care Centers	James Groce, Pharm.D., CACP Professor - Campbell University College of Pharmacy & Health Sciences Clinical Assistant Professor of Medicine - UNC School of Medicine
25-Apr	12:00 - 01:00 AM		The Patient is Bleeding: Balancing Clinical and Laboratory Needs	Oksana Volod, MD Associate Professor of Pathology at the Cedars Sinai Medical Center (CSMC) and University of California Los Angeles Hospital
29-Apr	12:00 - 01:00 AM		Getting It Right: Preanalytical Impact on Coagulation Results Using a Case Study Approach	Donna D. Castellone, MS, MASCP, MT (ASCP) SH Laboratory Consultant and Clinical Assistant - Columbia Medical Center
7-Sep	01:00 - 02:00 PM		Managing Direct Oral Anticoagulant Inhibitor to Heparin Conversion; Heparin Anti-Xa assay or aPTT?	Michael P. Gulseth, Pharm.D., BCPS, FMSHP, FASHP Anticoagulation Stewardship Director
13-Oct	01:00 - 02:00 PM		D-dimer for VTE Diagnosis in Pregnancy: Is now the time to update clinical practice? - Special World Thrombosis Day Educational Event	Grégoire Le Gal, MD, PhD Professor in the Division of Hematology of the Department of Medicine at the University of Ottawa
22-Feb	01:00 - 02:00 PM		Heparin-Induced Thrombocytopenia (HIT): Practical Aspects of Clinical and Laboratory Diagnosis	Long Zheng, MD, PhD Russell J. Eiliers, MD Endowed Professor and Chair of Pathology and Laboratory Medicine - University of Kansas School of Medicine (KUMC)
24-Apr	12:00 - 01:00 AM		Saved by the Lab: The Continuing Role of Special Coagulation Testing to Optimize Patient Care in Hospital Institutions Today	Santosh Kadel, DCLS, MS, CC(NRCC), MLS(ASCP)CM Clinical Architect for Laboratory Medicine - ChristianaCare
28-Apr	12:00 - 01:00 AM		Heparin Resistance in Critically Ill Patients: Best Practices Using Laboratory Coagulation Assays	Jerrold H. Levy, MD, FAHA, FCCM Professor of Anesthesiology and Critical Care & Professor of Surgery (Cardiothoracic) - Duke University School of Medicine
20-Sep	Wednesday, September 20th, 1pm ET		When to Choose a Chromogenic over Clotting-Based Method in Coagulation Factor Testing: Indications & Considerations	Morayma Reyes-Gil, MD Director of Thrombosis and Hemostasis Labs, Cleveland Clinic, Robert J. Tomsich Pathology and Laboratory Medicine Institute
